

Lakeview Estates Community Association
AGM 2015

Website and Membership Reports

LECA Website

Access to the website is at www.leca-vernon.ca. The website is your source for updates and notices of upcoming events, as well as the Newsletters. Your feedback regarding the website is encouraged and appreciated by sending an email to: info@leca-vernon.ca.

Membership

The Association has just over 210 Members. The support of these Members is appreciated and key to meeting the role of the Association. The Association has many projects waiting to be funded, with the focus, of course, being on the beach facilities. We encourage all Members to share your experience as a LECA Member with your neighbours who have not yet joined, hopefully encouraging them to join the Association.

Many of your neighbours volunteer in various capacities to ensure that the objectives of the Association are implemented and meet the expectations of the Members. We thank the volunteers, and we are always looking for more "helping hands". Our Members are not only active in the area of our beach assets, but also in community liaison. Members of the community were instrumental in the project to have barriers installed on Tronson Road, and of course the recently announced City Park in the CLE area.

If you have an interest in the work of the Association, be it community liaison or beach assets, your involvement with the workings of the Association is welcomed.

Anyone in the community interested in joining the Association is encouraged to contact LECA via the Membership tab on the website, or sending an email to: info@leca-vernon.ca.
