

Website and Membership Reports

LECA Website

A revamping of the website has been initiated. Access to the website will remain unchanged at www.leca-vernon.ca. When you visit the site you will notice some changes that we hope will make the experience more user-friendly and comprehensive. You are also invited to contribute commentary, or stories and photos. A section of the website will be available to publish stories and photos of our events, with contributions from our Members.

An important addition is the email address for contact with your Association. The email address info@leca-vernon.ca is usable for any communication you wish to have with the Association. (Personal email addresses of the members of the Board of Directors are no longer valid.) The website is a work in progress, and your feedback is appreciated.

Membership

The Association has just over 210 Members. The support of these Members is appreciated and key to meeting the obligations of the Association. The Association has many projects waiting to be funded, with the focus, of course, being the beach. We encourage all Members to share your experience as a LECA Member with your neighbours who have not yet joined, hopefully encouraging them to join the Association.

Many of your neighbours volunteer in various capacities to ensure that the objectives of the Association are implemented and meet the expectations of the Members. We thank the volunteers, and we are always looking for more "helping hands". Our Members are not only active in the area of our beach assets, but also in community liaison. Members of the community were instrumental in the project to have barriers installed on Tronson Road. If you have an interest in the work of the Association, be it community liaison or beach assets, your involvement with the workings of the Association is welcomed.

Anyone in the community interested in joining the Association is encouraged to contact LECA via the Membership tab on the website, or sending an email to: info@leca-vernon.ca.
