Director:	Ross Foden

Hello Everyone,

Wow. It's hot out there and looks like it will be continuing for the rest of the week. Hope you are all getting out and able to enjoy the sunshine.

We will be having another beach clean-up this Saturday (July 8) from 8 am to 10 am. Anyone who can volunteer some time would be much appreciated.

As many of you have already noticed, the sandbags on the dock are still in place as well as the barrels. A few did disappear and we are not sure what happened to them.

A lot of money has been spent recently with respect to saving the docks. We had rope slings with come-alongs placed strategically to make sure the dock and beams remain secured to the pilings. With the come-alongs, the tension may be increased when required and these will stay in place until the water level drops to at least 12 inches below the dock. So far, this has worked and most of the dock is in place, however, the northwest corner of the dock will have to have the piling reinforced. Please stay off this one end of the dock until further notice.

The new swim float is in place and looks like it will be as much fun as the old one. The kids are already congregating out there and it is nice to hear the laughing and happy screams.

The divers have been out and the weeds have been pulled for this season.

The Family BBQ is scheduled for July 22, 2017. Come join us for hotdogs, hamburgers, etc. and games for the children.

The Adult Potluck is scheduled for August 17. We are looking for anyone who may be interested in helping out with the music and entertainment and/or possibly a karaoke machine. Please contact us if you can help out or have any ideas or suggestions.

That's all for now. Happy summer everyone!

Maureen Singer
