Secretary:	Maureen Singer
Director:	Ross Foden

Happy Fall Everyone,

Hope you all had a great summer and will enjoy the sunny fall days ahead.

The Annual Pot Luck Dinner in August was a great success. We had a wonderful turnout and the food and music were fabulous. It was nice to meet and welcome the many new faces in our neighbourhood.

Check out the LECA website to have a look at pictures which have been posted from the Family Beach BBQ as well as the Pot Luck Dinner.

The washrooms are now locked for the season and the garbage cans have now also been moved inside as beach maintenance and cleaning is over for the season. Winterizing will be completed some time mid-October.

The floating slide dock will be pulled up to the beach in the next couple of weeks and the wooden floating dock has been pulled to shore for repairs. The guys will try to put the slide dock as far over to the dock as possible to allow use of the boat launch for winter fishing.

LECA is still hoping to have the sunken spot on the boat launch repaired as soon as the next paving crew comes into the neighbourhood.

There has been another incident of petty crime wherein somebody's vehicle was taken for a short joy ride. Please be vigilant, lock up your vehicles and report any suspicious activity.

A few Board Members met with Brian Quiring at our Deer Lake Park to discuss the possibility of getting the tennis court restored, some repairs done to the log cabin as well as receiving ongoing maintenance so that the shrubbery and grass that was tackled in early summer does not take over again. He will present our formal request to Council and we will wait to see if our park gets included in the budget.

There are 6 registered residents who will be participating in a Fire Smart Program Course at the Okanagan Landing Firehall. This will ensure we have representatives who can provide ongoing education within our neighbourhood.

To help us spread the word about LECA membership, we encourage all members to advise new neighbors in their area about LECA and what we do or simply direct them to connect with Corinne Szepesi, Membership Director to learn more.

It was brought to our attention that some LECA members would like to receive LECA correspondence directly from LECA rather than your strata management or rep. If this is the case, please send us an email with your details and we will put your email on the direct mail-out.

That's all to report for now.

Have a great day.

Board of Directors
